

Senior Class of 2021

Senior Pictures will be Aug 11th at the High School

We have changed photography companies to help accommodate everyone's needs and to insure you get the highest quality photographs, ordering options, quick and friendly customer service, and a quick turnaround time for ordering pictures after they are taken.

This year you will need to use the following link to select a time for your pictures. Please arrive at your selected time to help stay on schedule and to abide by the social distancing practices. <http://seniors.legacystudios.com/chico-hs-tx/>

When you get to the page it says that for the yearbook picture sitting it costs \$5, this is incorrect. There is no charge for the basic yearbook setting, this includes the tux/drape and cap and gown picture, when you scroll down past the prices you can make your appointment and it will not charge you. For the other sitting options there is a sitting fee, these options are optional if you choose. These other sitting options are explained on the web page.

We ask that you wear a face covering while checking in and at any time you are in the building except for when you are actually taking your pictures. The photographer will be wearing a face covering at all times, sanitizing equipment between students, and also using a no contact photography process to ensure a safe environment for pictures day. For your basic Yearbook sitting you will take Tux/Drape and Cap and Gown pictures, the provided Tux jacket, drape, cap, gown and any other clothing used will be sanitized between students. If you are experiencing any symptoms please stay home, there will be a Senior retake scheduled for later in the school year.
